➤ HURRICANE ZETA DEBRIS REMOVAL

**Minutes of October 31, 2020
Mayor and Board of Aldermen**

The above Notice of Special Meeting was posted on the City's website and distributed to the media.

City Engineer David Ball informed the Mayor and Board that four bids for debris removal had been received and reviewed. After tabulation of the bids (bid tab below), it was determined that Necaise Bros Const Co Inc provided the lowest bid. Based on the recommendation of City Engineer David Ball, Alderman Frazer made motion seconded by Alderman McCaffrey to award the contract for Debris Removal from Hurricane Zeta to Necaise Bros Const Co Inc.

RE: Hurricane Zeta – Debris Removal & Disposal

Ladies and Gentlemen:

After a quick RFQ process with two addendums issued, we received bids from 4 bidders this afternoon at 4 PM. We have enclosed a Certified Tabulation of the bids, which were all submitted in sealed envelopes. The proposed work is a response to the emergency condition existing due to debris in the streets and rights-of-way and is intended to last for 30 days from the beginning of work, at which point it will hopefully be completed. If it isn't completed, the City can then acquire similar services following a more typical procurement process.

The low bid was provided by Necaise Bros. Construction, at a total price of \$1,434,500. The major item of work, vegetative debris removal, was bid at a unit price of \$12 per cubic yard. This price may be above the national average but probably not excessively. The price offered includes all costs for labor, equipment, and disposal fees.

Although the difference between the low bid and second low bid was significant, Necaise affirms their willingness and readiness to honor their bid and enter into Contract. With their reputation and past history, we have no hesitation in recommending award of this work to them in the amount of their bid, \$1,434,500, upon concurrence of the City Attorney and the City's Civil Defense Director.

Sincerely,

David Ball, P.E.
